1. WELCOME

Thank you for using the Jabra Vega. We hope you will enjoy it!

JABRA VEGA FEATURES

- Custom-designed high fidelity speakers
- Dolby® enhanced sound
- Advanced Active Noise Cancellation
- Automatic power-off when folded flat
- Eavesdrop – tune in to your surroundings
- Unparalleled build quality and comfort
- Memory foam earcups and padded headband
- Share your music with dual 3.5 mm jack connectors

2. HEADPHONES OVERVIEW

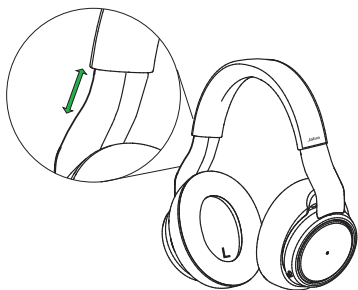

3. HOW TO WEAR

3.1 HEIGHT ADJUSTMENT

The headband can be adjusted by pulling the earcups up/down.

4. AAA BATTERY

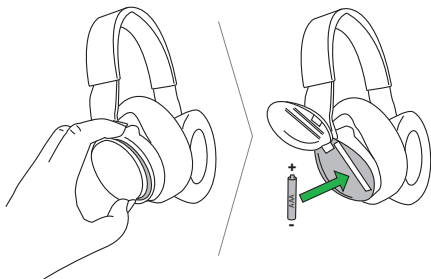

The headphones use a AAA battery to power the Active Noise Cancellation (ANC) and Eavesdrop.

The battery can be turned off by setting the Active Noise Cancellation switch to OFF, or by folding flat the earcups (the ANC LED will turn off).

NOTE: You can still listen to music and take calls when there is no battery or when Active Noise Cancellation is turned off.

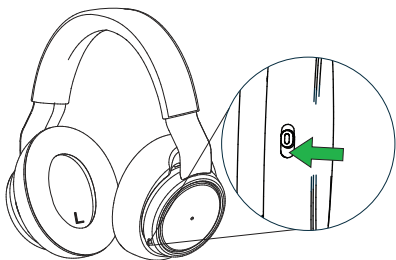

4.1 REPLACE THE BATTERY

Lift the battery cover on the left earcup to expose the battery compartment and replace the battery.

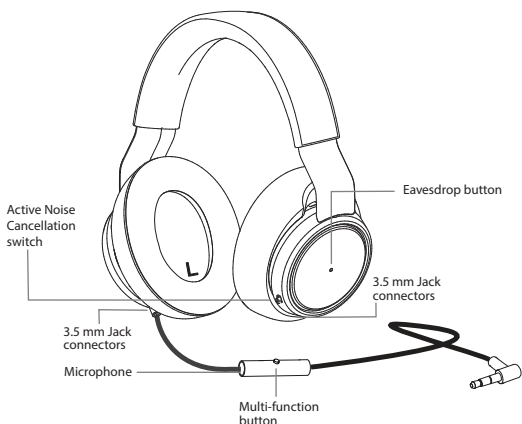

4.2 BATTERY STATUS

The battery status is indicated by the LED indicator on the headphones. The LED indicator will flash when the battery is low.

5. HOW TO USE

5.1 BASIC USE

FUNCTION	ACTION
Play/pause music	Tap the Multi-function button when listening to music
Answer/end call	Tap the Multi-function button
Reject call	Double-tap the Multi-function button
Redial last number	Double-tap the Multi-function button when not on a call

Active Noise
Cancellation
on/off

Slide the **Active noise
cancellation** switch on or off.

Eavesdrop

Tap the **Eavesdrop** button
(on the right earcup) to listen
outside the headset and mute
the music/call

5.2 MULTIPLE CALL HANDLING

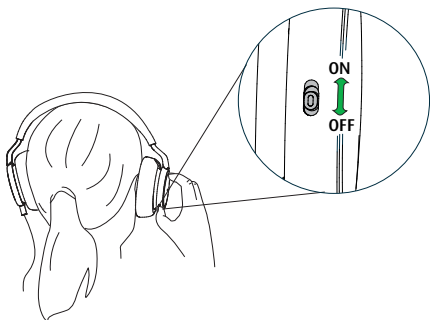

The headphones can accept and handle multiple calls simultaneously.

	FUNCTION	ACTION
	End current call and answer incoming call	Tap the Multi-function button
	Switch between held call and active call	Press and hold (2 secs) the Multi-function button
	Put current call on hold and answer incoming call	Press and hold (2 secs) the Multi-function button
	Reject incoming call, when on a call	Double-tap the Multi-function button

5.3 ACTIVE NOISE CANCELLATION

The headphones use Active Noise Cancellation (ANC) to reduce outside disturbance to a minimum.

FUNCTION	ACTION
	Slide the Active noise cancellation switch on/off.

Active Noise Cancellation will also be disabled when the earcups are folded flat (the ANC LED will turn off). Unfold the earcups to reactivate ANC.

NOTE: Active Noise Cancellation is powered by the AAA battery.

5.4 EAVESDROP

Eavesdrop enables you to listen to your surroundings as if the headphones had been taken off. Your music and calls will be muted, however the microphone will still be on.

	FUNCTION	ACTION
	Eavesdrop	Tap the Eavesdrop button (on the right earcup) to enable, and tap again to disable.

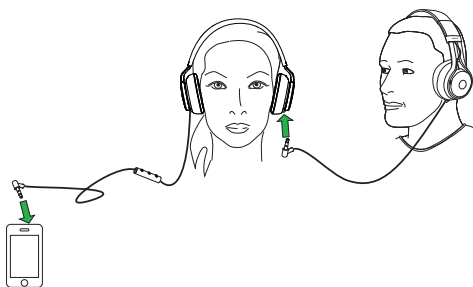

The Active Noise Cancellation switch must be set to On for Eavesdrop to function.

NOTE: Eavesdrop is powered by the AAA battery.

5.5 SOCIAL LISTENING

An additional pair of headphones can be plugged into any of the dual jack connectors, allowing you to share your music with others.

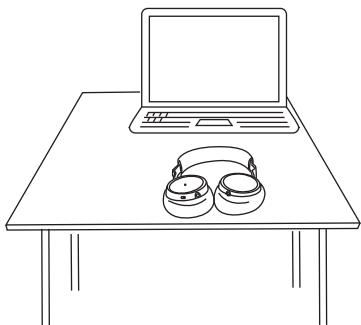

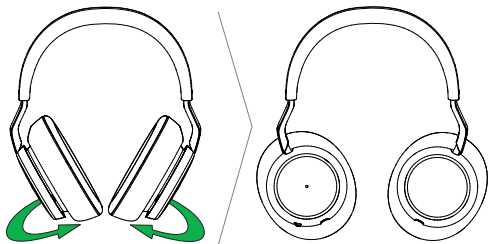

NOTE: The additional headphones will not have any call capabilities.

5.6 FOLD-FLAT EARCUPS

The earcups can be folded flat for convenient storage of the headphones.

When folded flat, Active Noise Cancellation will be turned off to save battery.

6. SUPPORT

6.1 FAQ

6.2 HOW TO CARE FOR YOUR HEADPHONES

- Always store the headphones with the power off and safely protected.
- Avoid storage at extreme temperatures (above 65°C/149°F or below -40°C/-40°F). This can shorten battery life and may affect the headphones.
