NEO CREAMBACK

12-inch 60W neodymium guitar speaker

12in 305mm | **1.75in** Voice Coil | **60W** Watts | **8&16** Ohm | **97** dB

The Neo Creamback is every ounce a Classic Celestion delivering all the magical tone you'd get from a traditional Creamback at around half the weight. Voiced to be "in between" the G12M -65 and G12H-75 Creambacks, you still get the low end punch warm vocal midrange and sweet refined highs the Creamback is famous for: push it hard and enjoy the 'race-car growl' that sets pulses racing. But pick up a cab that's loaded with Neo Creambacks and you'll see what makes this speaker truly different.
