

# STUDIO MONITOR STAND

## Included in Box

MDF Stabilizer  
(4 pcs)

Tall Post  
(8 pcs)

Short Post  
(8 pcs)

Screws  
(16 pcs)

Tall Angle Foot  
(8 pcs)

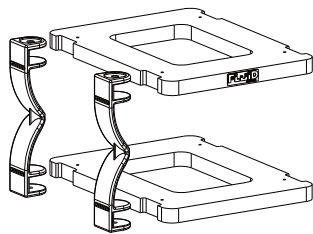

No-Angle Foot  
(16 pcs)

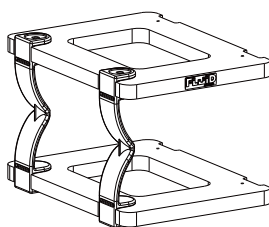

Short Angle Foot  
(8 pcs)

## Assembly Instructions

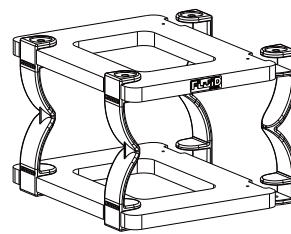

- 1 ➤ Using the MDF stabilizer with Logo on top, begin assembly of stand one side at a time.

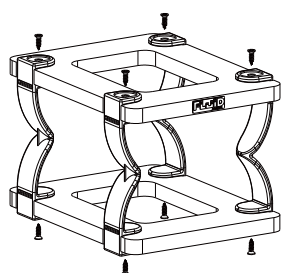

- 2 ➤ Slide plastic posts into the side of MDF stabilizers (making sure that square notches face forward towards logo)

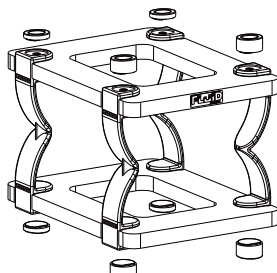

- 3 ➤ On opposite side, slide posts onto MDF stabilizers, again making sure square notch faces forward.

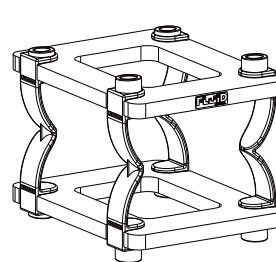

- 4 ➤ Using supplied screws, fasten the posts to the MDF stabilizers.

- 5 ➤ Attach rubber feet by removing paper backing and applying to plastic post. (Be careful to align the squared off sides of both parts).

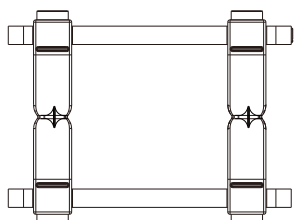

- 6 ➤ Now you are ready to rest your monitor on the stands!

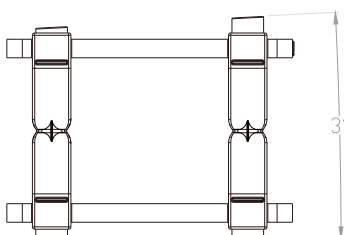

## 3 Angle Options

- 1 (Requires all 16 pcs of the No-Angle foot)

- 2 (Requires 8pcs No-Angle for the bottom and 4pcs Tall Angle and 4pcs Short Angle for the top)

- 3 (Requires 8 pcs Tall Angle and 8 pcs Small Angle foot)
