Windshield Kit, MiniCMIT

Order code: 086072

Perfect for the Schoeps MiniCMIT, the new miniature shotgun mic in the Schoeps CMIT series.

Incredibly small and light, the diminutive Windshield Kit, MiniCMIT is the most robust, complete microphone windshield and shock-mounting system available for the Schoeps MiniCMIT*.

- Genuine Rycote patented Lyre® technology for massive handling noise reduction
- Broadcast industry standard Rycote basket windshield for stunning wind noise protection and superior acoustic transparency
- Beautifully compact profile – basket only 28cm (11”) in length!
- Premium, lightweight short XLR connector incorporated from our flagship Cyclone range (with blue end-cap on XLR)
- Combined 62- and 72-Shore Single Lyres (blue), provide optimal compliance for this mic
- Genuine Rycote Windjammer included

*Also suitable for other microphones up to 150mm in length, from 19mm to 22mm in diameter, including Schoeps CMC without Cut 1, Neumann KM 180 Series and Octava MK-012.

Super-Softie Kit, CMIT

Order code: 033208

Perfect for the beautifully balanced Schoeps CMIT 5.

Aerodynamic and durable; the Super-Softie Kit, CMIT 5 slip-on microphone windshield and shock-mounting system provides superior performance and unparalleled durability for your Schoeps CMIT 5*.

- Genuine Rycote patented Duo-Lyre® technology for massive handling noise reduction
- Incorporates industry standard genuine Rycote Super-Softie, with 3D-TeX® material for excellent wind noise protection with proven toughness & reliability
- Super-Softie length only 21cm (8.25”) and weighs less than 100 grams!
- Fast, incredibly effective and easy to use
- Ideal for boom pole use with Universal Shotgun Mount, or use on-camera with included brass hot-shoe adaptor

*Suitable for many popular shotgun microphones, from 19 to 25mm in diameter, including: Audio-Technica BP4029; Neumann KMR81; Sanken CS1, CS2; Sennheiser MKE600; Rode NTG2, NTG4 & NTG4+.
