

POSITIONING

Samson's MediaOne M50 Powered Studio Monitors are a full-range speaker solution for all your desktop and multimedia applications. Whether you're listening to music, producing tracks, watching videos or gaming, this stereo monitor pair features an internal amplifier, solid wood construction and high-quality components that bring big, balanced sound to your desktop space.

FEATURES

Sound Big & Balanced

Both MediaOne M50 monitors feature a 5.25" copolymer woofer that provides tight lows, complemented by a 3/4" silk-dome tweeter housed in a custom waveguide that adds smooth highs with a wide sound stage. The result is a system with a balanced frequency response and stunning full-range audio. On top of that, a Bass Boost switch allows you to enhance the lows if desired.

Built from Experience

Based on Samson's 20 years of experience designing professional studio monitors for recording studios around the world, the MediaOne M50s are powered by an internal 80-watt (40 watts per channel), studio-grade A/B amplifier to produce robust, detailed sound. Also, solid wood cabinet construction with rear porting ensures maximum efficiency and low response without mechanical power loss.

Multiple Connections for Multimedia

Connect your mixer, audio interface, computer or mobile audio device to the system's rear stereo RCA and 1/8" inputs. A front panel headphone jack mutes the speakers for private listening sessions. In addition, a 1/8" (3.5mm) output allows you to integrate a powered subwoofer with your MediaOne M30s to create a 2.1 system.

APPLICATIONS

- Music listening
- Desktop recording/mixing
- Gaming/sound for video
- Audio/video production

SPECIFICATIONS

Amplifier	Class AB
Power Rating.....	2 x 40W
Woofers.....	2 x 5.25" copolymer
Tweeters	2 x 3/4" silk dome
Frequency Response	50Hz-20kHz -3dB
Signal-to-Noise Ratio	83dB
Distortion (THD).....	<0.9%
Input Impedance.....	13KΩ
Input Connectors	Stereo RCA, Stereo 1/8"
Output Connectors	Stereo 1/8" Sub, Stereo 1/8" headphone, 1/8" Left Speaker
Controls	Power/volume knob, Bass Boost switch
Indicators	Power LED
Finish.....	Black vinyl
Product Dimensions.....	12.75" x 5.25" x 10.25" (321mm x 212mm x 260mm)
Product Weight	17.4lb (7.9kg)
Gift Box Dimensions	TBD
Gift Box Weight.....	TBD
Master Carton Quantity.....	1
UPC (US only).....	809164021322
SKU (US only).....	SAM50
