

### Innox KB Fold Setup instructions

1. Put the stand horizontally on the floor.
2. Reach to the bottom of the stand and pull out the 3 feet.
3. Bend the feet in their direction (left, right, rear) until they snap into place
4. Place the stand on its feet, should look like illustrated on the right.
5. Fold the arms down
6. Adjust the height of the arms according to your wishes using the tightening knobs per tier.
7. Slide the ground support, to be found on the bottom of the stand, completely down and tighten it. This will prevent the stand from falling forward when accidentally pushed.
8. Place keyboards or piano's in place and install cables. Use the cable clips for better cable management.
9. Use the 5/8" thread on top of the stand for optional accessories like microphone boom arms.
